

Keeler Direct Ophthalmoscopes

Keeler

Professional Retinoscope

NEW
LED
LIGHT
SOURCE

Optimised for outstanding performance with either a Streak or Spot halogen beam with a simple bulb change. Plus the new LED Professional Streak Retinoscope is now available!

Choice of illumination

Choose between 600 lux of brilliant halogen illumination or the new LED Retinoscope. Whichever you choose, the Professional guarantees you enough light to refract even the most difficult eyes.

New LED Professional Streak Retinoscope

Gives you better contrast, image quality and longer battery life.

Neutralisation check (Patented)

The only Retinoscope allowing rapid confirmation of neutralisation. You can change the beam from divergent to convergent enabling you to cross check the accuracy of the neutral point, guaranteeing the assessment is correct every time.

Precision magnetic control (Patented)

Improved 360° access to a single control for both rotation and convergence adjustments. The precision movements are achieved by use of rare earth magnet technology.

Two position aperture

A simple finger movement allows a choice of 4mm or 1.7mm aperture to optimise brightness or resolution of the retinal reflex.

1302-P-1006	2.8v Streak Retinoscope head only
1302-P-1004	2.8v Spot Retinoscope head only

Chargers and Upgrade Kits

A two hour fast charge and over 2 hours continuous use means your instrument is always ready for use. Choose between the Lithium-ion Double or Mini Chargers.

Over 2 hours of continuous use

Ideal for long examinations especially while first learning with your instrument.

LED displays

LEDs indicate when battery life is low, charging or fully charged.

Lithium-ion Double Charger

The compact charger takes two handles and fits neatly into your immediate testing environment, allowing easy access to your hand held instruments. It can be desk or wall mounted.

Lithium-ion Mini charger

Can be connected quickly and simply to the base of your Keeler handle, making it the perfect choice for domiciliary visits or practitioners on the move. Your instruments can still be used whilst the battery is charging.

Upgrade Kits

Keep your existing heads and upgrade to Lithium-ion. The Double Lithium Upgrade Kit (pictured) includes 2 x handles and a Lithium-ion Double Charger.

The Mini Charger Upgrade Kit includes 1 x handle and a Lithium-ion Mini Charger.
